Exceptions may be granted by the certification authority.</p>	<p>Written examination: 30 single choice questions; the examination is considered positive if at least 65% (20/30) of the points are achieved.</p> <p>Duration of examination: 60 minutes</p> <p>Note 1: The use of a dictionary is allowed for non-native speakers of German.</p> <p>Note 2: The use of the training documents (PDF or hardcopy) is permitted.</p>	<p>1. Proof of a specialist training with a scope of at least eight teaching units; alternatively a written test.</p> <p>Note: Specialist training courses are recognised if they have been attended within a period beginning no earlier than two years before and no later than six months after the expiry of the certification proof.</p>	<p>1. TÜV AUSTRIA certificate</p>
		<p>2. Practical proof of regular subject-specific work of at least two years; alternatively an oral exam</p> <p>Note: The practice must take place in a period between certification and re-certification, although it does not have to be continuous.</p>	<p>2. Public online directory</p> <p>Note: The validity of any TÜV AUSTRIA personal certificate can be queried at www.tuv.at/</p>

Every certification requirement has to be completed successfully.

Dates, certification and re-certification fees as well as fees for examination retakes (excluding VAT) can be found in the respective valid course programs or other documents issued for the event in question.

Duration of validity of the certification proof: until 31st December of the third year after the certification test.

Re-certification is carried out after the proof of the requirements for re-certification and provided the certificate has not expired for longer than six months.

The certification regulations for the certification of persons of TÜV AUSTRIA apply. This certification program is valid until revoked.
